

Launch Pad

The best of face to face employability skills training in an online environment to help you plan and prepare for the next step in your life.

Our qualified and experienced trainers can provide immediate feedback and tailor the program to you, so you reach your individual employment goals.

Our program is interactive, flexible and tailored to your environment and location.

*Dates may vary depending on the month. Please consult with your Job Coach for confirmation.

- Investigating and researching key industries, employers and current job opportunities within your local labour market
- Preparing your personal resume for job applications tailored to meet industry demand
- Developing your own personal action plan to apply for jobs using the best online tools available
- Evaluating your resume preparation and interview presentation and participating in interview practice
- Completing online surveys to best determine your interests, choice of industry and job preferences.

What you'll get out of it

- Flexible learning options allowing you to study at your own pace at a time that suits you
- A Nationally Recognised Statement of Attainment for the following units of competency:

BSBPEF101

Plan and prepare for work readiness
